CAREER SUMMARY

Adaptable designer and creative problem solver with broad experience in visual communications and design solutions. Recognized by my peers and mentors for quick thinking, understanding of the complexities of design, technical skills, and positive contributions to the communal environment.

EXPERIENCE

Intern the new programme
Spring 2018

Design and produce a range of print collateral in support of the fast food worker's movement and other non-profits and community-oriented design efforts. Work within existing brand guidelines and utilize systematic approaches to communication across print and social media.

Identity and Presentation Designer Make 48

10/28 – 10/30, 10/28 – 10/30

Collaboration with engineers and competitors in order to quickly create presentation and promotional materials. Responsible for branding and identity, presentation design, concept art, photography assistance, and some video editing; for multiple teams within the span of 8 total hours.

Analog Studio Assistant Kansas City Art Institute

1/12/17 – 12/10/17

Upkeep and organization of studio space, as well as providing demonstration and assistance of the use of any available equipment and tools to the students.

Head of Graphic Design Debt Day Carnival

12/8/15 – 4/23/16

Coordinate a team of individuals in crafting the design and representation of the 2016 Debt Day Carnival; an event created by the NDo collaborative group. Produce a plethora of print and digital ephemera, assist in advertising and maintaining social media, prepare t-shirts for volunteers, paint signs and decor for the event.

Research Assistant Purdue POWER Laboratories

4/3/14 – 8/25/14

Work with a research group led by Chemical Engineering MS students on the development and testing of thermoelectric films. For my data collection and analysis in this internship, I was awarded the 2015 Naval High School Science Award.

EDUCATION

Kansas City Art Institute, Kansas City, MO.
